

A Love for Learning Begins at Home!

Do you have a three, four, or five
year old child?

Do you want your child to be
successful in school?

Are you willing to spend 1 hour a
week with a parent educator for 30
weeks, in your home, at your
convenience and then spend 15
minutes day with your child on the
delivered lesson?

Yes???

Then the HIPPY Program
might be for you!

Hippy Lessons

Help your child to learn important kindergarten
skills such as:

How to hold a pencil
and identify
colors

To listen, follow directions, and recognize
their printed name.

To know the alphabet and to understand

that letters have

sounds.

Did you know?

A three year old child's brain is twice as active as
that of a college student.

Want to help prepare your child for school-HIPPY
can help you!
