Thank You

Dear Families,

I just wanted to take this time to say thank you for everything you do. The staff and I appreciate your kind hospitality and the time you put into the program to help make it a success. The Lowndes HIPPIY Program could not exist without your continued support. It's time we recognize the families like you who open your home to us weekly to Role Play the lessons with you and work enrichment activities with your family. Thanks for all you do.

Sincerely,

Willia Gadson, Coordinator

HIPPIY's Helpful Hints:

Preparing a shopping list before going shopping and sticking to it will help:

- save money on food
- save time at the grocery store
- plan good meals

February's Happy HIPPIY Birthdays

- Jakolion Davis— February 8
- Rodreuna Myles— February 10
- Tima Knight— February 10
- Akyrari Surles— February 11
- Brenterris Managan— February 18
- Kaniaya Hason— February 19
- Julissa Murphy— February 21
- Keyah Jackson— February 22

LET'S CELEBRATE!

HIPPIY Enrichment Corner

Paper Cup Tower

See how tall you can make your paper cup tower.

Use paper or cardboard between each layer.

1. Put three cups upside down on a flat surface.
2. Lay a piece of cardboard on top of the cups.
3. Put three more cups on top of the cardboard.
4. Continue alternating cups and cardboard. Say, How tall can you make the tower? What happens when you change the number of cups? What happens if you change the size of the cups? What happens if you put the cups uprights?

Skills: hand-eye coordination, counting, balancing

Parenting Tip

Be a Role Model

Who do you want your children to emulate in their lives, a famous sports star or yourself? Parents should always want to be the number one role model for their children. You want to show them right from wrong, and be the person they want most to be like. Show them how to live and how to do the right things in life despite the challenges.

Good Stuff to Build Good Character

Be Kind to Others!

THE USDA FOOD SAFETY TIPS FOR PARENTS

When do we wash our hands?— ALWAYS!

But especially at these times:

- Before and after preparing, handling or serving food.
- After using the restroom.
- After being outdoors, or handling animals
- After coming into contact with any bodily fluids
